*We provide turnkey solutions for isolators, laminar air flows (LAF), restrictive access barriers (RAB), Fume hoods, Hot Cells & Glove Boxes*

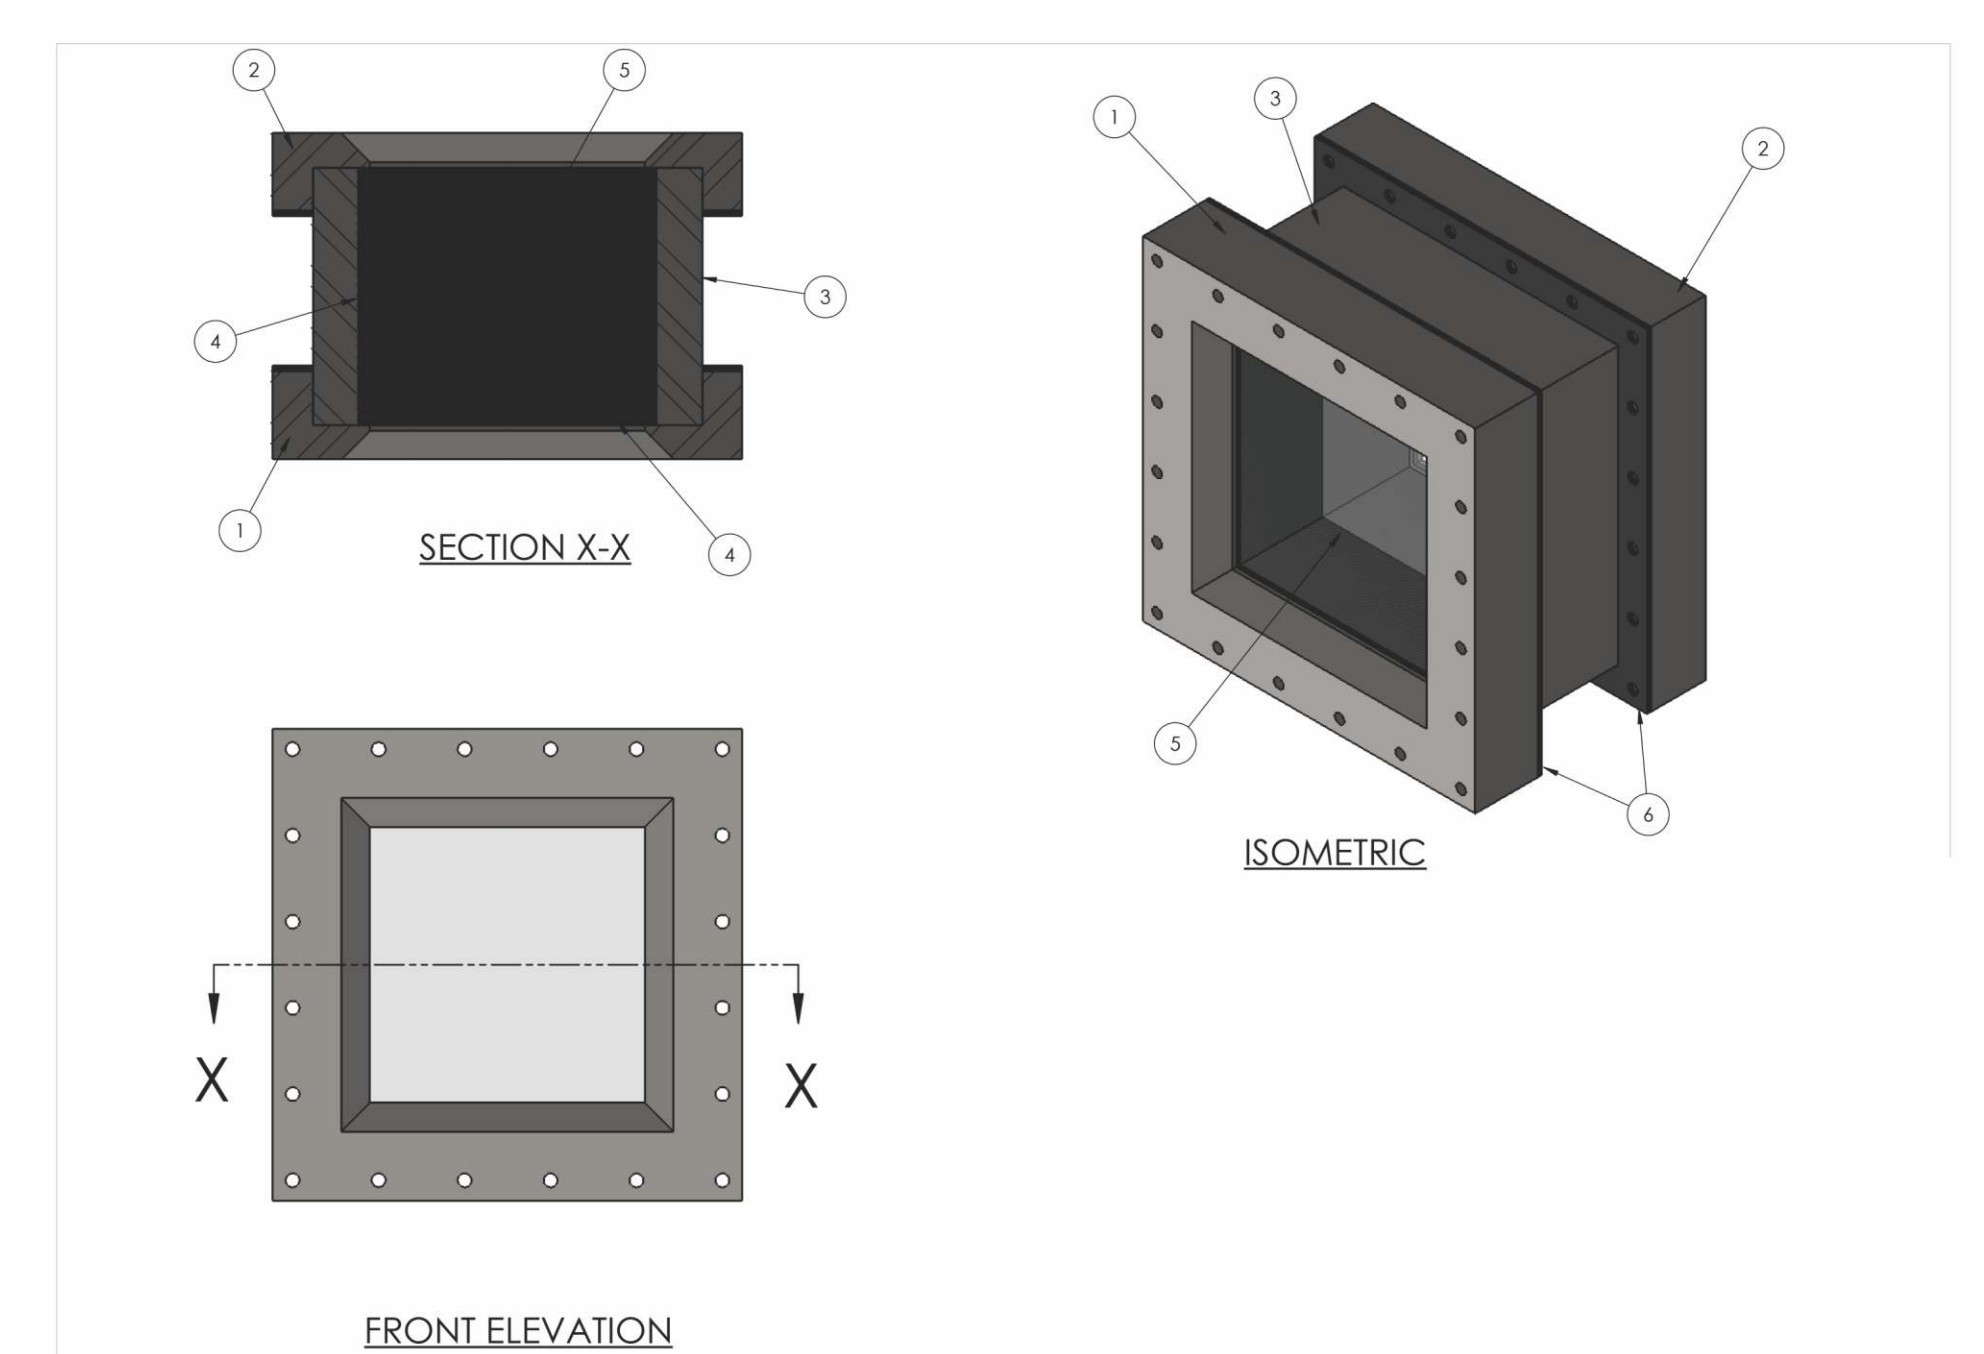

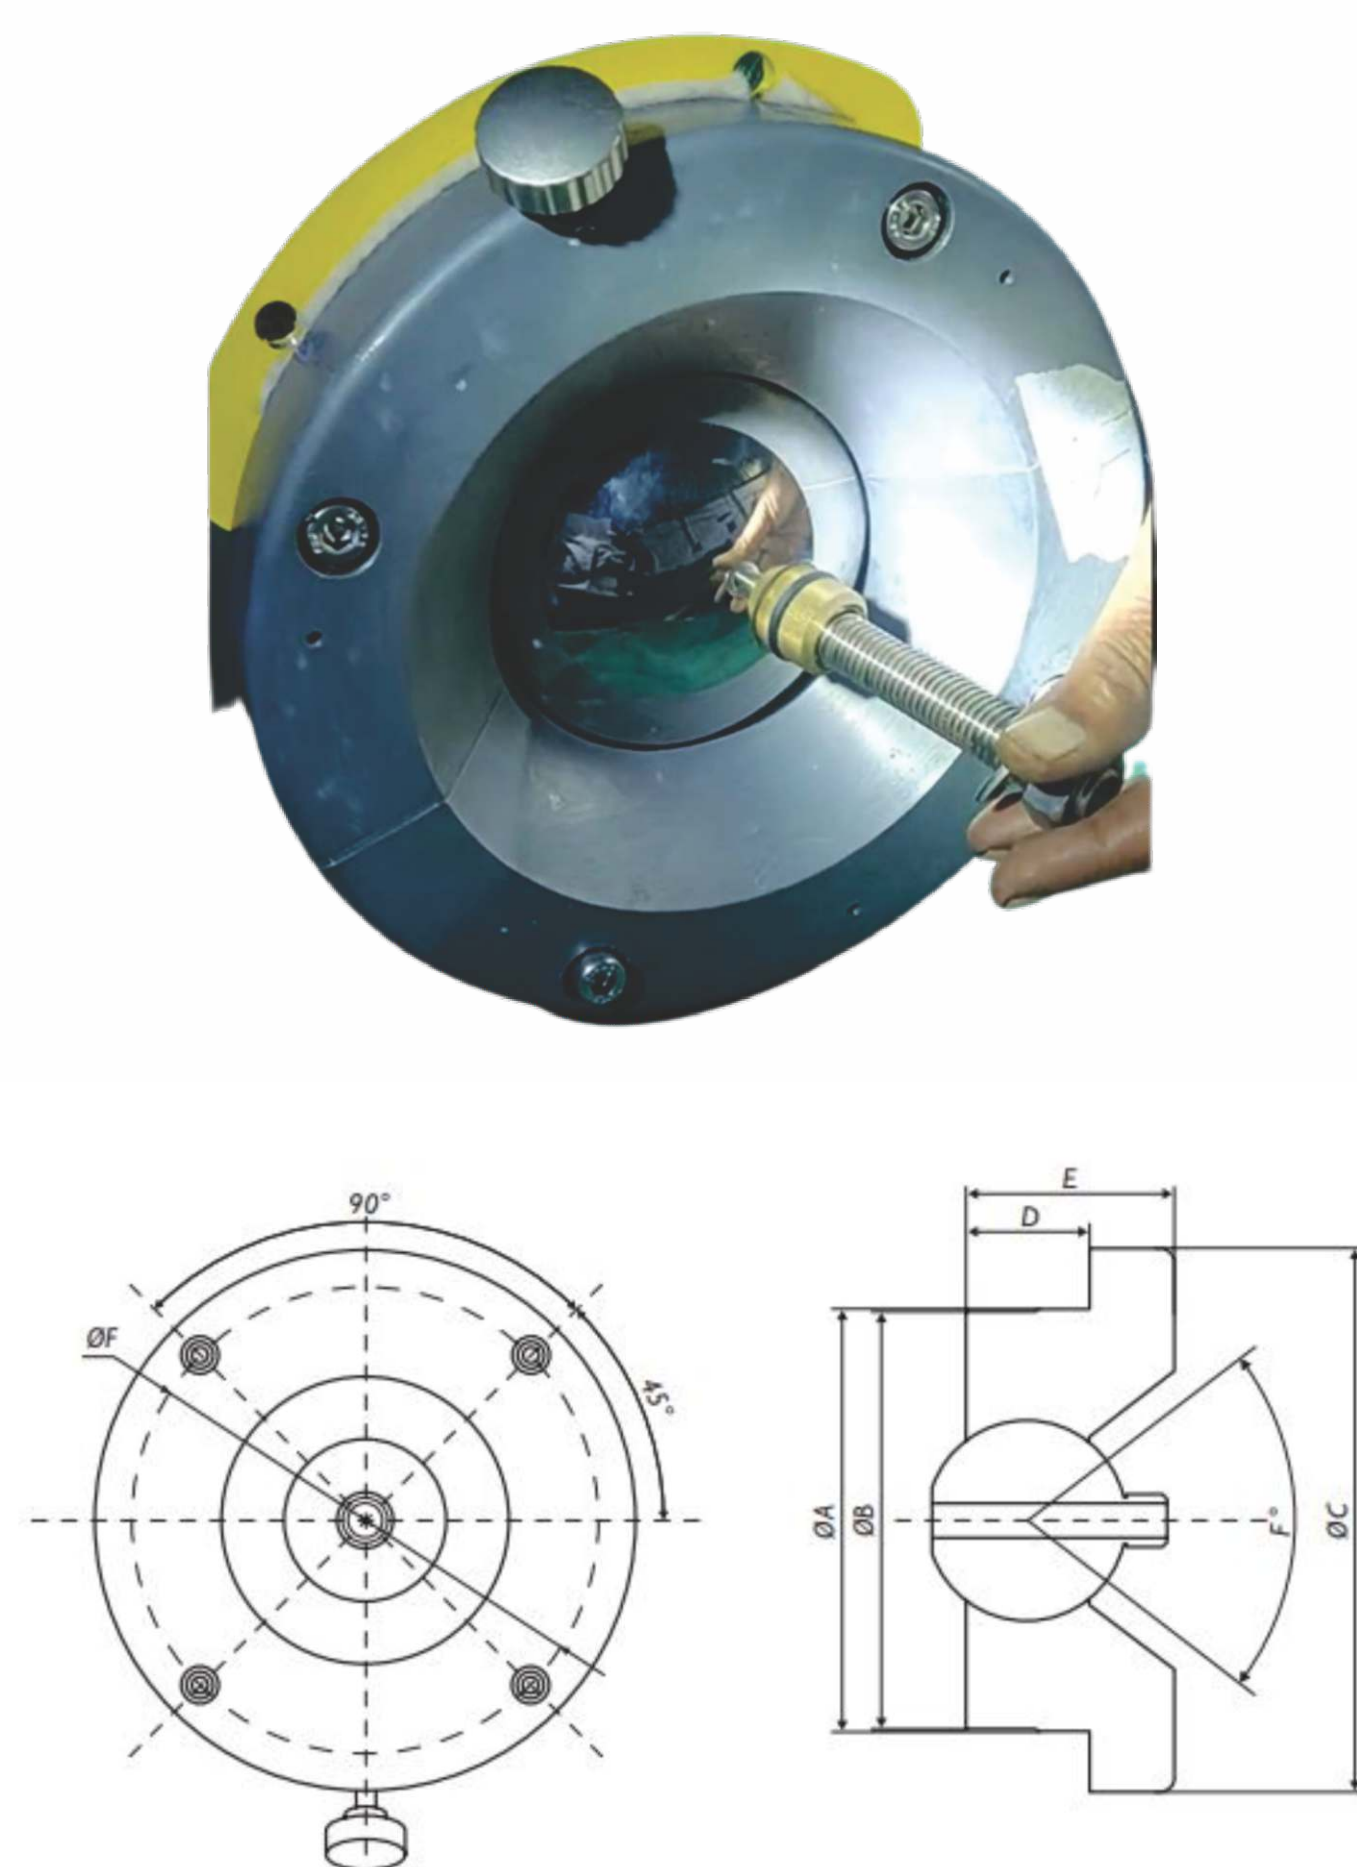

### GLOVE BOX

### HOT CELL

*Our Hotcell & Glovebox are approved equipment for Radiochemical processing & Radiopharma Compounding for synthesis, dispensing, labelling and packaging*

### Manipulation Ball

### Transfer System

### Shielding Window

**Compliant with eGMP**

Designed, Manufactured  
and Commissioned  
in India (MII)

ISO  
10648

*for containment enclosures*

ISO  
14644

*for clean room & associated  
controlled environment*
